Ordinance I

Election of the Chancellor and Terms of Appointment

- 1 Pursuant to Statute IV, the officer fulfilling the function of non-executive Chair of the General Assembly shall hold the title of Chancellor and fulfil the duties set out in that Statute.
- 2 The date of election of the Chancellor shall be appointed by the Registrar and Secretary, who shall act as Returning Officer for the election and shall have a general discretion to ensure that the election is conducted in a proper and seemly manner. In fulfilling this role, the Registrar, Secretary and Chief Operating Officer may choose to appoint a suitable external agent to fulfil many of the duties expected of the Returning Officer and to provide administrative support for the election, on the approval of the Board. The external agent may, if appropriately qualified and subject to the approval of the candidates duly nominated, fulfil the duties of a Scrutineer.
- 3 Pursuant to Statute IV, those who may participate in the election shall be:
 - a) those members of the Alumni Association whose names and addresses have been registered on the list compiled in pursuance of Ordinance IV.6 below at a date fourteen weeks before the date appointed for the election;
 - b) those persons who hold paid superannuable appointments in the University at a date fourteen weeks before the date appointed for the election and which extend to the date appointed for the election;
 - c) those persons who are members of the General Assembly at a date fourteen weeks before the date appointed for the election and whose appointments do not terminate before the date appointed for the election.

Any person whose name appears on more than one list shall be entitled to only one vote.

- 4 No fewer than twelve weeks before the date appointed for the election, the Returning Officer shall notify all persons eligible to participate in the election stating that the Chancellorship is or is to become vacant, as may be appropriate, specifying the date appointed for the election and drawing attention to the provisions of this Ordinance.
- 5 No candidate for election to the Chancellorship shall be deemed to be validly nominated unless:
 - a) a proposition for such nomination, in writing, signed by at least twenty persons who are eligible to participate in the election, shall have been received by the Returning Officer no fewer than six weeks before the date appointed for the election;
 - b) at the time the proposition for nomination is made, they have assented, in writing, to becoming a candidate for election, and has certified that they hold no paid appointment in the University.
- 6 Should there be only one candidate validly nominated, the Returning Officer shall refer it to the Nominations and Governance Committee, which will assess the nominee's candidacy for the role of Chancellor and either, recommend the appointment to the Board of Governors or, alternatively, recommend that nominations should be re-opened. If the Board of Governors subsequently confirms the recommendation of the Nominations and Governance Committee, the

Returning Officer shall declare the nominee as elected and make the result public. In the event that the Nominations Committee and Board of Governors recommend that nominations should be re-opened, then the electoral process will restart at Stage 4 and the Returning Officer shall again notify all persons eligible to participate in the election stating that the Chancellorship is or is to become vacant, as may be appropriate, specifying the date appointed for the election and drawing attention to the provisions of this Ordinance. In these circumstances, the sole nomination received would not be carried forward but could be resubmitted in the new ballot.

- 7 Should there be more than one candidate validly nominated:
 - a) the Returning Officer shall contact all persons eligible to participate in the election, no fewer than twenty-eight days prior to the date appointed for the election and provide a list of the candidates in random order, a list of those nominating the candidate and any biographical information submitted. Further information on the process by which voting will take place will also be supplied;
 - b) in the event that an external agent is not appointed, then each candidate validly nominated shall be invited to appoint a Scrutineer. Any candidate not nominating a Scrutineer shall have a Scrutineer appointed by the Returning Officer. On the date appointed for the election, the Returning Officer shall arrange to make available to the Scrutineers for examination the report on the internet voting and (if this method of voting is used) the envelopes containing the ballot papers unopened;
 - c) the result of the election shall be declared by the Returning Officer immediately following the conclusion of the Count, and subsequently shall be made public;
 - d) twelve weeks after the declaration of the result, the Returning Officer, with the consent of any Scrutineers appointed, shall arrange for the destruction of voting papers and records.

- 8 The Chancellor may resign from office or for good cause be removed from office by the Board.

- 9 The Chancellor shall normally provide six months' notice of resignation which shall be given in writing to the Registrar, Secretary and Chief Operating Officer.

- 10 Good cause for the removal of the Chancellor shall, without prejudice to other valid reasons determined by the Board, include:
 - a) a conviction for an offence which, in the opinion of the Board, renders the person unfit to carry out the duties associated with their office;
 - b) conduct which the Board deems incompatible with the duties of the office;
 - c) physical and or mental incapacity and;

- 2 Pursuant to paragraph 1 above, the Board shall have the authority, in consultation with and advised by the Senate, to determine, monitor and, as required, review the University's policy for collaboration in educational provision, which shall *inter alia* include statements:
 - a) acknowledging the University's responsibility for the academic standards of all awards granted in its name, and the equivalence of all awards made in accordance with the terms of a collaborative Agreement with those of comparable awards for programmes delivered directly by the University;
 - b) setting out the nature and characteristics of such Partners, in the UK or overseas, having regard to advice and guidance which may be offered by such statutory and regulatory bodies as may have a legitimate interest therein;
 - c) requiring all collaborative Agreements to be legally binding and in writing, and to be negotiated, agreed and managed in accordance with the University's approved policies and procedures;
 - d) requiring, subject to paragraph 8 below, the purpose and duration of a collaborative Agreement to be specified, together with arrangements for monitoring, review, termination or renewal.
- 3 The Senate and the Board may discharge their responsibilities in relation to the provisions of this Ordinance in such manner as the Board in consultation with the Senate may determine from time to time, but they shall normally, pursuant to Statute VIII, do so through a Committee or Committees established for the purpose and with such delegated powers as the Board in consultation with the Senate may deem to be appropriate.
- 4 A Register of all approved collaborative Agreements made in accordance with the provision of this Ordinance shall be established and maintained by the Registrar and Secretary.
- 5 Such an Agreement may be entered into by the Board with a Partner if:
 - a) the Senate has reported to the Board that:
 - i. the standard, quality and content of the educational provision which is the subject of the Agreement is appropriate to the status of the qualification or award which is being sought or contributed to and, where appropriate, conforms with the requirements of Regulations governing the award of similar qualifications by the University;
 - ii. the educational provision will be delivered by staff whose qualifications it has approved
 - iii. where appropriate, every student in receipt of the educational provision will have attained the age of seventeen years at the time of commencement of the provision and will have satisfied such other admission requirements as may be specified by the Senate, or by the Agreement concerned;
 - b) on report from the Senate, it is satisfied that:

- i. the Partner is reputable and is established on a permanent basis, has the legal authority to enter into the Agreement, and has objectives which are compatible with those of the University;
- ii. its staffing, infrastructure and financial position are satisfactory and appropriate to the facilities and status required for the fulfilment of the Agreement;
- iii. its constitutional structure and organisation are satisfactory and in particular provide adequately for the representation of the University and for the appropriate staff of the Partner in the planning and supervision of the educational provision which is being provided.

6 Every such Agreement shall, unless specifically agreed otherwise, include the following conditions:

- a) that the University shall have the right of inspection, as appropriate, of the buildings, equipment and other facilities used or to be used in fulfilment of the Agreement;
- b) that the Board may at any time, after report from the Senate, impose such further conditions for the continuation, or otherwise vary the terms, of the Agreement, as it deems to be appropriate, in respect of any internally approved changes to University practices or of any externally imposed constraints which materially affect the performance of the Agreement;
- c) that should the Partner be in breach of any fundamental provision of the Agreement, the Board, on report from the Senate, shall be entitled to terminate the Agreement either forthwith, or in the event of failure by the Partner to remedy such breach within a period which the Board may determine according to the specific circumstances;
- d) that the duration of any Agreement shall not, unless the Board expressly agrees otherwise, exceed five years at a time, and shall indicate the basis, subject to paragraph 8 below, on which monitoring and review of the collaborative activity, and renewal, extension, or termination of the Agreement, may take place;
- e) that the Partner shall, as part of the Agreement, indemnify the University against any loss or damage suffered by any person as a result of a failure by it to carry out its obligations under the terms of the Agreement.

7 **Validation**

In this Ordinance, 'to validate' means to recognise, in the form of a written (legally binding) validation Agreement between the University and a given Partner, a programme offered by the Partner to its own registered students as being of a content, standard and quality equivalent to that of a designated class of programmes of the University. Such Agreements shall include the provisions set out in paragraph 6 of this Ordinance, the processes set out in paragraph 5 having been carried out. The validation shall allow the Senate to grant a designated qualification or award of the University to registered students of the Partner who have completed satisfactorily all requirements of the said programme offered by the Partner.

8 The period of any validation Agreement shall not exceed five years in the first instance, but in principle may be continued for a further period or periods not exceeding five years at a time following a process of review as set out in such Agreement. Any such continuation of the period approved by the Board following report from the Senate shall be governed by a new validation Agreement, the terms of which shall be determined, subject to the provisions of this Ordinance, by the parties following the process of review. In determining the period of validation, the

Senate will require to be satisfied that there is a reasonable probability that the requisite facilities and the suitably qualified staff necessary to fulfil the terms of such Agreement will be provided by the institution throughout the prospective period of study of any student to be admitted to the programme for which application for validation has been made.

9 The period of validation specified in any such Agreements shall define the period during which the institution concerned may admit students to the programme, subject to the provisions of paragraph 6(c). Notwithstanding any termination of such Agreement, either by the effluxion of time or for other reasons as may be provided for in this Ordinance or in the aforesaid Agreement, the provisions of the Agreement shall subsist in relation to students who may be enrolled on the programme at the date of termination of the Agreement, for such further period as shall be necessary to enable such students to complete the attendance requirements of the programme and to present themselves for assessment in the manner prescribed by the Regulations for the programme, including any additional period provided for in order to permit reassessment in the event of failure.

10 Students enrolled on validated programmes are not, nor deemed to be, registered students of the University and Partners agree to take all steps necessary to ensure that such a relationship is neither implied nor created beyond that which may be implied or created as a direct legal consequence of the performance of the validation Agreement.

11 **Affiliation**

The Board may, on report from the Senate, grant a Partner 'affiliated institution' status, with such privileges it may determine in each case, should it deem that the nature and scope of the collaborative Agreement entered into creates a relationship for which the designation 'affiliated institution' will bring further mutual benefits arising out of the performance of such Agreement.

2 Pursuant to paragraph 1(c) of Statute XIII, this Ordinance shall apply only to the removal from an appointment, designated as such by the Board and set out in Ordinance XX, to which a member of staff (the 'Postholder') has been appointed by the Board and which is distinct from the Postholder's substantive appointment in the University, where dismissal from the substantive appointment is not contemplated. It shall not, however, apply in any instance where the penalty provided for by Ordinance XXIV.31(c)(iii) has been imposed following the application of Part III of Statute XIII.

Ordinance XXIII

Procedure for the Dismissal of Members of Staff by Reason of Redundancy Pursuant to Statute XIII, Part II

1 Part I – Application and scope

The application and scope of this Ordinance derives from and is limited to that provided for in Statute XIII, and should give effect to, and be consistent with, the guiding principles set out in paragraph 2(a) of that Statute. Nothing in this Ordinance, however, shall preclude the University from seeking volunteers for dismissal by reason of redundancy at any time after a determination by the Board under Part II of this Ordinance.

2 Parts III and IV of this Ordinance sets out a differing procedure for the dismissal of a member of staff by reason of redundancy pursuant to the provisions of Statute XIII.6 depending on whether or not it is to be effected by the application of selection criteria to affected members of staff of a certain description or category, and/or within a specific Faculty, School, or other organisational unit (the 'affected units'). The procedure for the dismissal of a member of staff by reason of redundancy pursuant to the provisions of Statute XIII.7(b) are set out in Part VI of this Ordinance.

3 Meetings of any panel provided for hereunder shall be convened and conducted in accordance with the applicable provisions of Part III of Ordinance XXII.

4 Part II – The preliminary stage and the determination by the Board

Proposals to dismiss members of staff by reason of redundancy (hereinafter referred to as 'redundancy') pursuant to Part II of Statute XIII shall be notified to the Staffing Committee (the 'Committee') provided for in the Annex to this Ordinance by the President and Vice-Chancellor in accordance with requirements and procedures determined from time to time by the Board. In such instances, the President and Vice-Chancellor shall also confirm to the Committee that, pursuant to Statute XIII.6(a)(i) and, where appropriate, consultation with appropriate representatives in accordance with and to the extent required by Section 188 of TULRCA 1992, as amended, have been initiated or completed, and that discussions with the member(s) of staff at risk of redundancy (the 'affected staff') have also been initiated or completed.

5 In order to give full and proper consideration to any such proposals, and to be in a position to advise the Board on the proposals, the Committee shall be furnished with the following information (as applicable) by the President and Vice-Chancellor:

- a) an identification and analysis of the alternatives to redundancy;
- b) the reasons for any discontinuation or reduction of activity;
- c) an outline of the relationship with the strategic plan of the unit;

In preparing its advice to the Board, the Committee may request such other information as it deems appropriate and necessary to reach a reasoned assessment of the proposal and of any alternative strategies for resolution of the circumstances

leading to the proposal. The Committee shall take a pan-institutional view of the circumstances and shall consult with any persons or bodies within the University as are deemed relevant. The Committee shall have a responsibility to ensure that all suitable and appropriate alternative strategies for resolution, including redeployment and restructuring, have been properly considered. It shall receive and respond to reports from the relevant trade unions.

- 6 Having received the advice of the Committee, prepared on the basis of paragraph 5 above, the Board shall determine whether the procedures set out in Part III of this Ordinance, which are made pursuant to Statute XIII.6(a)(ii) to (iv), should be instituted to effect the proposed redundancy(ies). As part of such determination, and before it reaches a final decision, the Board may seek such further information as it may require including, at the discretion of the Board, further consultation with appropriate representatives (if applicable) and/or further discussion with the affected staff.

7 **Part III – Further consultation with the affected staff**

This Part shall apply where the Board has determined under paragraph 6 above that the procedures to be detailed below shall be instituted to effect the proposed redundancy(ies).

- 8 At any meeting provided for by this Part, a member of the affected staff shall be entitled to be accompanied by a workplace colleague or trade union representative.

- 9 The affected staff shall each be notified in writing, by the Registrar and Secretary:

- a) that the Board has determined that the procedure in this Part shall be instituted;
- b) of the number of proposed redundancies to be effected as a consequence of that determination;
- c) of the affected units and/or (as appropriate) the categories or descriptions of staff affected by that determination, and that they are employed therein;
- d) that accordingly, he or she is potentially at risk of redundancy under Part II of Statute XIII;
- e) that he or she shall be consulted individually before any decision to dismiss him or her by reason of redundancy is taken, and that he or she has the right to appeal against such decision.

- 10 In instances where a redundancy(ies) is to be effected under this Part without the application of selection criteria, each such member of affected staff shall normally receive as part of the notification referred to above (or otherwise separately) an invitation to attend a meeting at which he or she may make oral or written representations. Such meeting may, if appropriate, include a discussion of the opportunities for redeployment to other appropriate duties in the University. Where necessary, a further meeting or meetings shall be arranged to discuss any such representations and to respond to them.

- 11 In instances where a redundancy(ies) is to be effected under this Part by the application of selection criteria to the affected staff, or a subset thereof, each such member of staff shall be notified in writing (which may, if appropriate, be included in the written notification provided for at paragraph 9 above), by the Registrar and Secretary, of:

- a) the relevant group of affected staff;
- b) the total number of staff employed in such group;

- c) the total number of staff it is proposed to make redundant from that group;
- d) the selection criteria to be used to determine which member(s) of staff within the group are to be made redundant, who will assess the staff in the group against those criteria, and when it will take place;

and shall be given a period of time within which to provide any information to be taken account of when the selection criteria are applied to him or her. He or she shall also be advised that meetings with members of staff selected as in (d) above for redundancy as a result of the application of the selection criteria to him or her, shall be arranged as provided for in paragraph 14 below;

- 12 The assessment of the group of affected staff against the selection criteria shall normally be carried out by more than one person (the 'assessors').

13 **Part IV – Selection for redundancy**

On completion of the assessment process, those members of the affected staff provisionally selected for redundancy will be notified in writing and shall be provided with written details of their assessment against the selection criteria. Those staff not selected for redundancy by this process shall be advised in writing that, although not selected at this stage, that position could change as a result of meetings with (held in accordance with paragraph 14 below) or successful appeals by those staff who have been so selected. In such cases they shall have the same rights as set out in paragraphs 14-16 as those who have been selected in the first instance. When all redundancies that are the subject of a proposal from the President and Vice-Chancellor have been confirmed and implemented, those affected staff not selected for redundancy shall be notified, in writing, by the Registrar and Secretary, that they are no longer, as a consequence of such proposal, at risk of being made redundant.

- 14 Each member of staff provisionally selected for redundancy shall be invited to a meeting with the assessors, at which the application of the selection criteria shall be explained, and the member of staff shall have the opportunity to make oral or written representations in respect of that assessment. Such meeting may, if appropriate, include a discussion of the opportunities for redeployment to other appropriate duties in the University. If necessary, a further meeting or meetings shall be arranged to discuss any representations made and to respond to them. Any changes to the assessment made as a result of the representations shall be notified, in writing, to the member of staff.

- 15 Following the meetings referred to in paragraphs 10 or 14 above, and having had regard to any representations made, each member of staff whose selection for redundancy is confirmed shall be sent a letter, to include the reasons for selection, by the Registrar and Secretary, informing him or her that his or her employment is to be terminated by reason of redundancy, and giving appropriate notice of such termination. Appended to such letter shall be notification of his or her right to appeal against that decision, or any aspect of that decision, pursuant to Statute XIII.8.

16 **Part V – Appeals**

If the member of staff wishes to appeal against the decision that he or she be made redundant, he or she may do so by writing to the Registrar and Secretary within ten working days of the date of the notification provided for in paragraph 15, setting out in full the grounds for appeal.

- 17 The appeal shall be heard by a panel established, convened and conducted in the

manner prescribed by Ordinance XXII.

18 As soon as is reasonably practicable after the hearing, the panel shall reach a decision on whether:

- a) the appeal should not be allowed and the decision to dismiss the member of staff be confirmed; or
- b) the appeal should be upheld and the decision to dismiss the member of staff be revoked; or
- c) the case should be remitted to be considered further by the body or persons whose decision is being appealed against.

The panel shall notify the member of staff of the reasons for its decision, in writing, normally within ten working days of the panel hearing.

19 The decision of the panel shall be final unless it falls within paragraph 18(c) above and the panel has decided that it shall not be final.

20 **Part VI – Procedure for staff on limited-term appointments**

If a member of staff whose limited-term appointment is to terminate following the completion of the procedure set out at paragraph 7(a) of Statute XIII wishes to appeal against the decision of the President and Vice-Chancellor, he or she may do so by writing to the Registrar and Secretary within ten working days of the date of the notification of the President and Vice-Chancellor's decision, setting out in full the grounds for appeal.

21 The appeal shall be heard by a panel established, convened and conducted in the manner prescribed by Ordinance XXII.

22 As soon as is reasonably practicable after the hearing, the panel shall reach a decision on whether:

- a) the appeal should not be allowed and the decision to terminate the appointment of the member of staff be confirmed; or
- b) the appeal should be upheld and the decision to terminate the appointment of the member of staff be revoked; or
- c) the case should be remitted to be considered further by the President and Vice-Chancellor.

The panel shall notify the member of staff of the reasons for its decision, in writing, normally within ten working days of the panel hearing.

23 The decision of the panel shall be final unless it falls within paragraph 22(c) above and the panel has decided that it shall not be final.

24 **Part VII – The Staffing Committee**

The Staffing Committee shall be a committee of the Board established by the Board to fulfil the functions prescribed for it by Part II of this Ordinance. Within these limits, the detailed terms of reference and modus operandi of the Committee shall be determined from time to time by the Board, following consultation with the relevant trade unions.

25 The Board shall determine and appoint the membership of the Committee in any

particular instance arising under Part II of this Ordinance that requires it, provided that the following constitution of the Committee shall apply in each such instance:

Three lay members of the Board, one of whom shall be designated as Chair of the Committee by the Board

Two members of the Board in Categories 3 or 4 of the membership, selected according to the circumstances of the particular case or cases under consideration from a panel of at least five such members who have been nominated from time to time by the Board for this purpose according to a process of its own choice.

26 The Committee shall take a pan-institutional view in order to confirm that the opportunities available for the avoidance and mitigation of redundancy have been fully explored, and that suitable and appropriate processes are available for:

- planning
- matching staff to emerging roles
- redeployment and retraining to facilitate future operational requirements
- establishment and availability of appropriate funding mechanisms

The Committee shall be serviced with relevant information from relevant bodies to satisfy this purpose.

Ordinance XXIV

Staff Capability and Disciplinary Procedures Pursuant to Statute XIII, Part III

1 Part I – Application and scope

The application and scope of this Ordinance derives from and is limited to that provided for in Statute XIII. It should give effect to and be consistent with the guiding principles set out in paragraph 2(a) of that Statute. Where in its discretion it wishes to do so, nothing in this Ordinance will preclude the University, from seeking to resolve instances of unsatisfactory performance or misconduct using informal methods, procedures or other forms of support for the individual without recourse to the procedures set out below, and in the spirit of this agreement, the University will actively encourage the use of such informal procedures in the first instance.

2 In line with Statute XIII.13, where at any stage of proceedings being taken under this Ordinance it emerges that the member of staff's conduct or performance may have been wholly or partly influenced by a clinical condition, the person(s) or panel dealing with the matter may, at their discretion and if they consider it appropriate adjourn any hearing in order to obtain such reports and advice as they may deem necessary. They may also at their discretion determine whether:

- a) to halt the proceedings under this Ordinance and transfer the matter to the appropriate stage of the procedure under Ordinance XXV (dealing with procedures for the review of members of staff demonstrating incapacity on health grounds); or
- b) to continue with the proceedings under this Ordinance, taking into account as appropriate the member of staff's clinical condition. In such circumstances, any panel established under Part II or Part IV of this procedure (see paragraph 3 below) may invite to its meeting(s), for the purpose of advising it, an appropriately clinically qualified person who has had no previous involvement with the case under consideration. Such person shall be appointed by the Chair of the Board, having first consulted the Dean of the Faculty of Biology, Medicine and Health.

3 This Ordinance provides three procedures under which matters falling within its scope may be dealt with:

- a) the Misconduct Procedure (for less serious matters) (Part II);
- b) the Serious Misconduct Procedure (including gross misconduct) (Part III).
- c) the Capability Procedure for achieving and maintaining satisfactory performance (Part IV).

The University has absolute discretion to determine which procedure is to be applied in any particular case involving a member of staff covered by this Ordinance (the 'Respondent'). Regarding matters which potentially fall under either of the misconduct procedures, the nature and seriousness of the matters under investigation will be taken into account in reaching such a determination, which will be made by the Registrar and Secretary on receipt of a report on the circumstances and having sought such advice as he or she may deem appropriate. Matters dealt with initially under (a) above may be referred for consideration under (b) if it emerges during the course of investigation that the matter is more serious than the evidence may have originally suggested. Additionally, matters dealt with under (a) above may be referred for consideration under (c) if it emerges during the course of investigation that the matter relates to capability, rather than conduct. The Board will

issue guidance for members of staff which indicates: (i) the types of misconduct that may lead to disciplinary action being taken under this Ordinance; (ii) their categorisation in line with Statute XIII.10, as 'less serious', 'serious' or 'gross'; and (iii) the implications of repeated misconduct.

Matters relating to capability or alleged underperformance will be dealt with via the Capability Procedure. If during the course of the process it emerges that the matter being dealt with under (c) above relates to conduct rather than capability then it may be referred for consideration under (a) or (b) depending on the seriousness of the issue.

- 4 Disciplinary action against the Respondent may be initiated as a result of the findings of an investigation(s) undertaken in relation to other formal processes established by the Board on matters outside the scope of Statute XIII. Such findings may be utilised in whole or in part for the purpose of fulfilling the requirements for investigations in order to comply with the provisions of Parts III or IV of this Ordinance, provided that:
 - a) such prior investigation has been carried out in a manner no less favourable to the Respondent than if it had been carried out under the aegis of this Ordinance;
 - b) during such prior investigation, due notice has been given to the Respondent that the findings might be utilised in this way.
- 5 Formal warnings issued pursuant to paragraphs 16(b) or 24(b) of this Ordinance will normally be disregarded for the purpose of further disciplinary proceedings after: (i) six months in the case of an Oral Warning; (ii) one year in the case of a Written Warning; and (iii) two years in the case of a Final Written Warning.
- 6 Meetings of any panel provided for below will be convened and conducted in accordance with and as prescribed by the applicable provisions of Part III of Ordinance XXII. The Respondent has the right to be accompanied at such meetings in accordance with the provisions of that Ordinance, and similarly has the right to be accompanied at any other meetings or hearings provided for below.
- 7 At all stages of proceedings initiated in any particular instance under the procedures provided for below, the appropriate Human Resources Manager should be consulted by those persons designated by the procedures to carry them out, and may also be similarly consulted by the Respondent. The Human Resources Manager will be entitled to attend any meeting provided for hereunder that is relevant to the case.
- 8 Employees who are trade union officers will be subject to normal disciplinary standards, but no disciplinary action beyond informal counselling will be taken without the involvement of a full time officer of the trade union concerned.

9

Part II – The Misconduct Procedure

[Note: the terms 'Appeal Manager' and 'Appeal Meeting' have a similar meaning to that in Part II of this Ordinance, paragraph 14.]

This procedure will be followed in cases judged to be 'less serious', pursuant to Statute XIII.10(a) and paragraph 3 above.

- 10 In cases of alleged less serious misconduct, disciplinary action will be taken by the

Respondent's Dean of Faculty, Head of School, or Head of other organisational unit, as appropriate, or by a manager designated by him or her (the 'Disciplinary Manager'). The Disciplinary Manager will designate another person, not a Human Resources Manager, to investigate the circumstances of the case (the 'Investigating Manager') and will inform the Respondent accordingly.

- 11 The Investigating Manager will undertake such enquiries as s/he deems to be appropriate and report the findings to the Disciplinary Manager, who will determine whether or not there are grounds to indicate that an act of misconduct may have occurred. If not, the Disciplinary Manager will inform the Respondent, in writing, accordingly.
- 12 If there are such grounds, the Disciplinary Manager will inform the Respondent, in writing, of the alleged misconduct, and call him/her to a meeting (the 'Disciplinary Meeting'). At such meeting, the Investigating Manager will put the substance of the alleged misconduct to the Respondent, who will be given a fair opportunity to respond and state his or her case. On the conclusion of the meeting, the Disciplinary Manager will determine, and inform the Respondent orally:
 - a) whether or not the Respondent has committed an act of misconduct;
 - b) if so, whether a formal disciplinary warning be given; and whether this should be Oral, or, if the gravity and seriousness of the offence justifies it, Written or Final Written; and
 - c) whether any further measures designed to assist in resolving the matter should be taken.
- 13 The outcome of the Disciplinary Meeting will also be confirmed in writing to the Respondent by the appropriate Human Resources Manager on behalf of the Disciplinary Manager, normally within ten working days from the date of the meeting. In the event that action is taken under paragraph 12(b) above, the notification will include:
 - a) the substance of the conduct or behaviour constituting the act of misconduct;
 - b) the consequences of any repetition, or if appropriate, failure to improve, within a specified timescale. Such consequences may include further action under the Misconduct Procedure, or referral for consideration under the Serious Misconduct Procedure;
 - c) information about the Respondent's right of appeal against the decision in accordance with paragraph 14 below.
- 14 The Respondent will have the right of appeal against the outcome of the Disciplinary Meeting. If the Respondent chooses to exercise this right, s/he will notify, in writing, the Registrar and Secretary within ten working days of the date of notification of the outcome of the Disciplinary Meeting by the Human Resources Manager, indicating his or her wish to appeal against the outcome. The Respondent will then be invited to a meeting (the 'Appeal Meeting') with the Appeal Manager.
- 15 The Appeal Manager, whose decision will be final, will hear the appeal and may either confirm the decision of the Disciplinary Manager, or alter it in whole or in part to the extent of imposing no penalty or a lesser penalty. The Registrar and Secretary will notify the Respondent accordingly, in writing, normally within ten working days of the Appeal Meeting.

16

Part III – The Serious Misconduct Procedure

Pursuant to Statute XIII.10(b) and paragraph 3 of this Ordinance, this procedure will be followed:

- a) in cases of alleged Serious Misconduct, including gross misconduct;
- b) in cases of repeated or persistent instances of Less Serious Misconduct, whether of the same or different forms of misconduct, where the Respondent has been warned under the Misconduct Procedure set out in Part II of this Ordinance that such cases may lead to action being taken under this Procedure.

17 Where a matter arising pursuant to paragraph 16(a) above is to be considered under this Procedure:

- a) the President and Vice-Chancellor may suspend the Respondent, on full pay, pending an investigation as provided for at (b) below, or a Disciplinary Panel hearing as provided for at paragraph 18 below, if the circumstances appear to him or her to warrant such action in order to protect the University's interests or those of its Members. Such suspension will be reviewed by the President and Vice-Chancellor after no more than ten working days and, as appropriate, periodically thereafter. The Respondent will receive, in writing, details of the alleged misconduct, and will be given the opportunity to make written representations to the President and Vice-Chancellor before any such review takes place;
- b) in order to comply with the provision of Statute XIII.10(b)(ii), the President and Vice-Chancellor will appoint a person of appropriate seniority to carry out an investigation into the alleged misconduct (the 'complaint(s)') and prepare a report detailing the findings. The President and Vice-Chancellor will consider such report. S/he will be entitled to act on its findings as follows: either (i) to dismiss the complaint(s) as being without substance or of a substance warranting action initially only under Part II of this Ordinance, or (ii) to authorise the complaint(s) to be considered by a panel established in accordance with Statute XIII.10(b)(iv) and constituted in line with Statute XIII.4 and Ordinance XXII (the 'Disciplinary Panel').

18 Any Disciplinary Panel so established and so constituted should have, in accordance with the provisions of Ordinance XXII, the discretion to determine the procedure to be followed in preparation for and at a hearing (the 'Disciplinary Hearing'), provided that if the evidence in support of the complaint(s) is to be given by witnesses, the Respondent shall be allowed a reasonable opportunity to cross-examine them. If the issues are deemed by the Disciplinary Panel to be sensitive, arrangements may be made to assist a witness, such as allowing them to give evidence from behind a screen, or through a telephone or video link, or by restricting questions to those asked by a person accompanying the Respondent.

19 As soon as reasonably practical after the conclusion of the Disciplinary Hearing, the Disciplinary Panel will reach its decision (by a majority if necessary), which may be:

- a) to dismiss the complaint(s) in whole or in part; or
- b) to uphold the complaint(s) in whole or part.

20 If the complaint(s) are upheld, in whole or in part, the Disciplinary Panel may impose an appropriate penalty, which may include, but is not limited to:

- a) directing the Respondent to remedy the serious misconduct, in so far as it is

possible to do so, by appropriate action, including:

- i. making financial restitution;
 - ii. paying compensation to the University in respect of any loss caused or damage done;
- b) issuing a formal warning (Oral, Written or Final Written). In each case the warning will set out the conduct or behaviour constituting the act of serious misconduct and any improvement required of, or action to be taken by, the Respondent, with an appropriate timescale specified. The warning will also set out the consequences of non-compliance with any terms of the penalty and of any further misconduct;
- c) for members of staff appointed or promoted on or after 1 October 2004:
- i. withholding any forthcoming increment of salary;
 - ii. demotion to a post of lower grading;
 - iii. the removal of any title or office held in addition to the substantive appointment (without the requirement to proceed under the provision of Ordinance XXI);
- d) dismissing the Respondent. In such cases, the Disciplinary Panel must also determine whether to designate the Serious Misconduct as 'gross misconduct' such as to merit summary dismissal without notice. If the Serious Misconduct is not so designated, notice of dismissal will be served and the Disciplinary Panel must determine whether or not the Respondent will be given payment in lieu of his or her notice period.

21 The Disciplinary Panel will notify the Respondent of the reasons for its decision, in writing, normally within ten working days from the date of the conclusion of the Disciplinary Hearing, to which will be appended, where appropriate, notification of his or her right to appeal against the decision in accordance with Statute XIII.10(b)(vii).

22 If the Respondent wishes to appeal against the decision of the Disciplinary Panel, he or she may do so by writing to the Registrar and Secretary within ten working days of the date of notification of the Panel's decision, setting out in full the grounds for appeal.

23 The appeal will be heard by a panel (the 'Appeal Panel') established, convened and conducted in the manner prescribed by Ordinance XXII.

24 As soon as is reasonably practicable after the hearing, the Appeal Panel will reach a decision on whether to:

- a) confirm the decision reached by the Disciplinary Panel; or
- b) substitute the decision reached by the Disciplinary Panel with any other equally or less severe decision open to the Disciplinary Panel; or
- c) remit the disciplinary charge for further consideration or rehearing, in whole or in part, to a new Disciplinary Panel.

25 The Appeal Panel will notify the Respondent of the reasons for its decision, in writing, normally within ten working days of the hearing. The decision of the Appeal Panel will be final, unless its decision falls within paragraph 24(c) above and the Appeal Panel has decided that it will not be final.

26 **Part IV – The Capability Procedure**

Pursuant of paragraph 3 of this Ordinance, the Capability Procedure approved by the Board will be followed in cases of unsatisfactory performance.

- 27 The Capability Procedure provides a framework within which managers can work with employees to help maintain satisfactory performance standards and to encourage improvement where necessary.
- 28 The provisions of the Capability Procedure ensure that concerns over performance are dealt with fairly and that steps are taken to establish the facts and to give employees the opportunity to respond at a meeting before any formal action is taken.
- 29 These provisions include identification of reasons for under performance as well as clear communication as to the areas of underperformance identified, details of performance improvement in a suitably defined timeframe and clear stages of setting and reviewing objectives.
- 30 Members of staff who are subject to the Capability Procedure will be provided with reasonable support and timescales in which to address their performance shortfalls. Other than in cases of serious underperformance or gross negligence, issues of capability or underperformance will normally be addressed through a staged approach.
- 31 Members of staff will have the right to appeal against an improvement notice, or dismissal, in line with the process set out in the Capability Procedure.

32 **Part V - Protection of the individual rights of members of staff**

A manager will not take any action against a member of staff who is the subject of a disciplinary procedure which violates the individual rights of the member of staff in respect of the case at issue.

Ordinance XXV

Procedures for the Review of Members of Staff Demonstrating Incapacity on Health Grounds Pursuant to Statute XIII, Part IV

1 Part I – Application and scope

The application and scope of this Ordinance derives from and is limited to that provided for in Statute XIII, and should give effect to, and be consistent with, the guiding principles set out in paragraph 2(a) of that Statute. Nothing in this Ordinance, however, shall preclude the University, wherever possible and where in its absolute discretion it considers it appropriate to do so, from seeking to resolve instances of incapacity on health grounds by informal means, or by other formal processes outside the scope of Statute XIII, rather than through use of the procedures set out hereunder.

2 Without prejudice to the generality of the provisions of Statute XIII.15, this Ordinance shall normally apply only in instances where a member of staff is unable to fulfil the duties of his or her appointment in the University as a result of prolonged or intermittent absence from work, for which the cause is an underlying clinical condition (or combination of conditions) in respect of which there is no remedy or no probable improvement likely to occur in the foreseeable future.

3 At all stages of proceedings initiated in any particular instance under the procedures provided for hereunder, the appropriate Human Resources Manager should be consulted by those persons designated by the procedures to carry them out, and may also be similarly consulted by the member of staff. He or she may attend any meeting that is relevant to the case.

4 Meetings of any panel provided for hereunder shall be convened and conducted in accordance with the applicable provisions of Part III of Ordinance XXII, provided that the member of staff is allowed alternative means of making representations, including through a nominated representative acting on his or her behalf, if his or her clinical condition precludes, or makes unduly difficult, attendance at meetings. In cases where the procedures require the obtaining of a clinical report relating to the member of staff's state of health, if he or she refuses without good cause shown to give the appropriate consent to such report being obtained, the panel shall make its decision as to the appropriate course of action on the basis of the information then available to it.

5 Part II – Prolonged sickness absence

Where it is confirmed, either by the outcome of an initial, informal investigation, or by the application of the procedure provided for in paragraph 2 of Ordinance XXIV, that the absence from work of a member of staff is for reasons falling within the scope of paragraph 2 of this Ordinance, the case shall be considered under the Long-Term Sickness Absence Procedure approved and reviewed from time to time by the Board and, as it applies to academic and research staff, following consultation with the Senate. *Inter alia*, such Procedure shall provide for an investigation of the scope for the redeployment of the member of staff, or for resolution or other accommodation of his or her health problems (including any that may be work-related), as appropriate, and taking into account the applicable provisions of the Disability Discrimination Act 1995.

6 If the application of the Long-Term Sickness Absence Procedure fails to lead to a

satisfactory resolution of the case, the appropriate Human Resources Manager shall prepare a report on the actions so far taken, and their outcome, and send it to the Registrar and Secretary requesting that action be initiated to establish a panel pursuant to Part II of Ordinance XXII to hear the case and determine the action to be taken, including whether or not the member of staff's appointment should be terminated.

- 7 The panel so appointed shall hear the case and as soon as reasonably practical thereafter shall reach its decision on the action to be taken. The panel shall notify the member of staff of the reasons for its decision, in writing, normally within ten working days of the panel hearing, and to which shall be appended, where appropriate, notification of his or her right to appeal against the decision pursuant to the provisions of Statute XIII.15(b).
- 8 If the member of staff wishes to appeal against the decision of the panel, he or she, or his or her nominated representative acting on his or her behalf, may do so by writing to the Registrar and Secretary within ten working days of the date of notification of the panel's decision, setting out in full the grounds for appeal.
- 9 The appeal shall be heard by a panel established, convened and conducted in the manner prescribed by Ordinance XXII.
- 10 As soon as is reasonably practical after the appeal hearing, the panel shall reach a decision, which shall be final, on whether or not the appeal should be upheld, and, if it is upheld, what further action should be taken. The panel shall notify the member of staff of the reasons for its decision, in writing, normally within ten working days of the appeal hearing.

Ordinance XXVI

Procedure for the Review of Probationary Appointments Pursuant to Statute XIII.16

1 Part I – Application and scope

The application and scope of this Ordinance derives from and is limited to that provided for in Statute XIII, and should give effect to, and be consistent with, the guiding principles set out in paragraph 2(a) of that Statute.

2 The provisions of this Ordinance shall apply, as set out below, to those members of staff ('probationers') who have been appointed subject to review after a period of probationary service (the 'probationary period'), for the purpose of determining whether, at the end of such period, the appointment should be confirmed as one of indefinite duration, or whether the appointment should not be so confirmed and, in consequence, terminate.

- a) Parts II and III of this ordinance shall apply only to members of the academic staff;
- b) Part IV of this Ordinance shall apply to all other members or categories of members of staff to whom this Ordinance is applicable pursuant to the provisions of Statute XIII.1(a).

3 Without prejudice to the generality of Statute XIII.16(c), the provisions of this Ordinance shall not normally apply to the proposed dismissal of a probationer prior to the end of the probationary period on any ground falling under the application of Parts II, III or IV, or under paragraphs 17 or 18, of Statute XIII.

4 Part II – General principles relating to academic staff

The conduct of the probationary period shall be subject to the provisions of a policy statement on induction and probationary arrangements for newly appointed academic staff (the 'Arrangements for academic staff') approved and reviewed from time to time by the Board following consultation with the Senate.

5 The duration of the probationary period shall normally be four years, as further defined in the Arrangements for academic staff. However, probation may be waived or reduced where evidence is provided that comparable probation has been undertaken in another university in the United Kingdom.

6 The Arrangements for academic staff shall ensure that probationers:

- a) receive appropriate and effective induction, training and support so that they may contribute fully towards the mission and strategic objectives of the University at the earliest opportunity;
- b) receive clear statements of their responsibilities and of the standards of performance required, following discussion with the Head of School;
- c) are provided with the opportunity to achieve requisite levels of quality, productivity and performance in teaching, research and scholarship by the end of the probationary period;
- d) receive appropriate support and guidance if at any stage during the probationary period progress is deemed not to be satisfactory, with a view to enabling them to meet the necessary standards as quickly as possible.

7 The progress of the probationer shall be reviewed at appropriate intervals in

accordance with the scheme of review provided for from time to time in the Arrangements for academic staff.

8 Part III – Confirmation or non-confirmation of appointment of academic staff

The detailed procedures leading to confirmation or non-confirmation of the probationer's appointment shall be set out from time to time in the Arrangements for academic staff, but shall include:

- a) provision for the question of confirmation of appointment to be first considered no later than during the third year of the probationary period;
- b) where there is non-confirmation of appointment at the end of year three, the process allows for an appeal against the decision that a fourth year should be undertaken, which appeal will be conducted by the relevant Vice-President & Dean, or an independent person acting on his/her behalf;
- c) provision for a final decision on confirmation or non-confirmation of appointment, if required following the review provided for in sub-paragraph (a) above, to be made during the fourth year of the probationary period;
- d) in the case of non-confirmation of appointment, provision for appeal of the decision by a panel comprising persons having no prior direct involvement in the case, in a manner prescribed from time to time in the Arrangements for academic staff. The panel, whose decision shall be final, shall consider whether the reasons advanced in support of the decision are reasonable and supportable, and also any evidence put forward by the probationer.

9 Part IV – Procedure for other members of staff covered by Statute XIII

The conduct and review of the probationary period shall be subject to the provisions of a policy statement on induction and probationary arrangements for newly appointed academic-related staff (the 'Arrangements for academic-related staff') approved and reviewed from time to time by the Board.

- 10 If after review in accordance with the requirements of the Arrangements for academic-related staff the recommendation is that the appointment should not be confirmed, there shall be provision for review of the case by a panel comprising persons having no prior direct involvement in the case, in a manner prescribed from time to time in the Arrangements for academic-related staff. The panel, whose decision shall be final, shall consider whether the reasons advanced in support of the decision are reasonable and supportable, and also any evidence put forward by the probationer.

Ordinance XXVII

Procedure for the Dismissal of Members of Staff on Other Grounds Pursuant to Statute XIII.17

1 Part I – Application and scope

The application and scope of this Ordinance derives from and is limited to that provided for in Statute XIII, and should give effect to, and be consistent with, the guiding principles set out in paragraph 2(a) of that Statute.

2 The provisions of this Ordinance prescribe the procedures to be followed in order to dismiss members of staff on any ground falling within paragraph 3(b) of Statute XIII, other than those covered by Parts II, III, IV and paragraphs 16 and 18 of Part V of that Statute, namely:

(a) where the member of staff cannot continue to work in the position which he or she holds without contravention (either on his or her part or on that of his or her employer) of a duty or restriction imposed by or under an enactment; or

For the avoidance of doubt, termination of employment under SOSR excludes dismissals for reason of capability, conduct or redundancy.

3 Meetings of any panels provided for hereunder shall be convened and conducted in accordance with the applicable provisions of Part III of Ordinance XXII.

4 Nothing in this Ordinance shall prevent the University from informing and consulting with the relevant member of staff (or with appropriate employee representatives) or from considering alternatives to dismissal prior to the commencement of the procedure set out hereunder.

5 Part II – The procedure

6 Before such a decision is taken, the Registrar and Secretary shall write to the member of staff *inter alia* setting out the issues to be considered, and to invite him or her to attend a hearing before the panel.

7 As soon as is reasonably practicable after the hearing, the panel shall reach a decision as to whether or not the member of staff should be dismissed. The panel shall notify the member of staff of the reasons for its decision, in writing, normally within ten working days of the panel hearing, and to which shall be appended, where appropriate, notification of his or her right to appeal against the decision pursuant to Statute XIII.17(b).

8 If the member of staff wishes to appeal against the decision of the panel, he or she may do so by writing to the Registrar and Secretary within ten working days of the date of notification of the panel's decision, setting out in full the grounds for appeal.

9 The appeal shall be heard by a panel established, convened and conducted in the manner prescribed by Ordinance XXII.

10 As soon as is reasonably practicable after the appeal hearing, the panel shall reach a decision, which shall be final, on whether:

The panel shall notify the member of staff of the reasons for its decision, in writing, normally within ten working days of the appeal hearing.

Ordinance XXVIII

Staff Grievance Procedure Pursuant to Statute XIII, Part VI

1 Part I - Application and scope

The application and scope of this Ordinance derives from and is limited to that provided for in Statute XIII, in particular paragraph 19, and should give effect to, and be consistent with, the guiding principles set out in paragraph 2(a) of that Statute.

2 The person(s) or panel who are to deal with the grievance may, at his, her or its discretion, defer consideration of the grievance if other proceedings under Statute XIII concerning the member or members of staff raising the grievance (the 'Aggrieved Party'), and which are relevant to the substance of the grievance, are pending or are in progress. No disciplinary action shall be taken against any individual until the outcome of the grievance has been determined.

3 Meetings of any panel provided for hereunder shall be convened and conducted in accordance with the applicable provisions of Part III of Ordinance XXII. The Aggrieved Party has the right to be accompanied at such meetings, and at any other meeting provided for hereunder, in accordance with the provisions of that Ordinance. Any person or persons whose conduct is the subject of the grievance shall also have the right of representation.

4 At all stages of proceedings initiated in any particular instance under the procedures provided for below, the appropriate Human Resources Manager should be consulted by those persons designated by the procedures to carry them out, and may also be similarly consulted by the Aggrieved Party. The Human Resources Manager shall be entitled to attend any meeting provided for hereunder that is relevant to the case.

5 Part II - Informal resolution

The Aggrieved Party shall first be expected to attempt, as far as is reasonably possible and appropriate, to resolve the grievance informally through discussions. These should normally involve the Aggrieved Party's immediate line manager, and any person(s) to whose conduct the grievance relates. If the grievance cannot be resolved in this way, either because informal discussions are, in a particular instance, inappropriate, or that they have failed to resolve the grievance, then the formal procedure below should be followed.

6

Part III - Formal resolution

The intention of each of the Stages detailed below is to investigate and seek to resolve the grievance and identify any actions that may need to be taken as a consequence of such resolution. Provided that a grievance is brought in good faith, but the circumstances are not confirmed by subsequent investigation, any reprisals against, or victimisation of, the Aggrieved Party shall be considered to be a serious disciplinary offence.

7 The person designated to deal with each stage of the procedure shall normally be a manager of appropriate, and successively higher, seniority within the University.

[Note: the 'Stage 1 Manager' shall normally be the Aggrieved Party's immediate line manager/supervisor, but if such person is the subject of the grievance being brought, the Aggrieved Party shall normally raise the matter with his or her Head of School,

Office or Service, unless that person is the subject of the grievance, in which case the matter shall be raised with the Vice-President & Dean. Should the Vice-President & Dean be the subject of the grievance, the matter shall be raised in the first instance with the Registrar & Secretary.]

8

Stage 1

If the Aggrieved Party wishes to raise the grievance formally, he or she shall write to the Stage 1 Manager, giving sufficient detail to enable the manager to understand and consider the scope of the grievance, and indicating the extent and outcome of attempts to resolve the grievance informally as provided for at paragraph 5 above. The Aggrieved Party shall also provide clarification on any aspect of the grievance if requested to do so by the Stage 1 Manager, who shall normally investigate the substance of the grievance and, unless he or she deems it to be inappropriate, discuss it with any person to whose conduct the grievance relates.

9

The Stage 1 Manager shall invite the Aggrieved Party to attend a meeting to discuss the grievance with a view to resolving it. After such meeting the manager shall inform the Aggrieved Party, in writing, of his or her response to the grievance, normally within ten working days of the meeting. Such response shall indicate the procedure for the Aggrieved Party to proceed to Stage 2 if he or she is not satisfied with the Stage 1 Manager's response.

10

The Stage 1 Manager shall also be entitled to reject the grievance, after appropriate investigation and a meeting with the Aggrieved Party, if he or she decides that it is frivolous or vexatious and shall record this reason in his or her response if it applies.

11

Stage 2

If the Aggrieved Party is not satisfied with the Stage 1 Manager's response, he or she should write to the Registrar & Secretary within ten working days of the Stage 1 Manager's notification, setting out:

- a) full details of the grievance;
- b) details of the steps he or she has taken in attempting to resolve the grievance thus far, enclosing copies of all correspondence with the Stage 1 Manager;
- c) reasons why he or she is dissatisfied with the outcome of Stage 1 of the procedure.

12

The Registrar and Secretary shall make arrangements for the grievance to be referred to a panel (the 'Grievance Panel') constituted pursuant to Statute XIII.4 and Ordinance XXII, in order that a grievance appeal hearing may be conducted.

13

A grievance appeal hearing shall be held, the conduct of which, pursuant to Part III of Ordinance XXII, shall be at the discretion of the Grievance Panel, provided that the panel shall consider whether and to what extent any person(s) to whose conduct the grievance relates may:

- a) attend the grievance appeal hearing and be accompanied thereat by a workplace colleague or by a trade union representative;
- b) be notified in advance (if not already notified) of the details of the Aggrieved Party's grievance.

The Registrar and Secretary shall ensure that the procedures followed do not infringe or prejudice the rights of any person whose conduct is the subject of the grievance being brought.

- 14 As soon as reasonably practical after the conclusion of the grievance appeal hearing, the Grievance Panel shall reach its decision, which shall be final, as to whether the grievance is, or is not, well-founded and what steps, if any, should be taken as a consequence.
- 15 The Grievance Panel shall notify the Aggrieved Party of the reasons for its decision, in writing, normally within ten working days from the date of the conclusion of the Grievance Hearing.
